Season	2021-2022	
Brand	Conklin	
Name	All American Rainbow	
Limited Edition	1898 pieces (fountain pen); 898 pieces (rollerball pen)	
Description	<p>Conklin is an ever-evolving brand, creating trends and new tiers of style with every pen release, so be sure to stand out and radiate with our new one. Encompass the qualities of an atmospheric phenomena with your new lucky pen. For the first time ever, The Conklin Pen Company is proud to introduce the limited edition All American Model in solid brass with rainbow PVD coating. Tasting the rainbow is one thing, but writing with one is another. Look at how remarkable these colors are, ranging from soft sky purple-blue gradients to an enamoring ocean-teal coat blended with a glistening yellow. Rotating the pen in light reflects its true unlimited essence out perfectly acting as a rainbow doppelganger. As you write, you'll take notice of our first ever rainbow overlay nibs and clips as well, catching how they too reflect PVD rainbow essences with every stroke you make. PVD (Physical Vapor Deposition) is considered to be, by far, the most durable super hard coating available today; so no scratches can rain on your parade. This rare pen offers outstanding eye glimmering qualities of its rainbow coat. Hold the visual wonders of it in your hand as it refracts beams of color on your skin.</p>	
Mode	Fountain pen & Rollerball pen	
Filling system	<b>Fountain pen:</b> standard ink cartridge threaded ink converter (included) <b>Rollerball pen:</b> international rollerball refill (included)
