Name	Duragraph Royal		
Limited Edition	N/A		
	<p>Duragraph Royal Regal, elegant, and functional. The Conklin Pen Company® was established in Toledo, Ohio USA in 1898. From the Golden era of fountain pens until today, it's regarded as one of the most significant and innovative American writing instruments manufacturers. Shortly after its launch in 1923, the Duragraph model is considered to be 'the definitive' pen. It's named by combining the words "durable" and "graph" to equal Duragraph™.</p> <p>The new special edition Duragraph Royal combines sophistication, aristocratic beauty, and timeless elegance. The barrel is covered with black high-quality textured leather that is soft to touch yet very durable. The leather is decorated with handmade, high-end cross-stitching along the barrel adding additional strength and complementing the overall look. The cap is made of solid brass and enhanced by distinctive wavy pattern that elevates the fine leather texture, plated with mirror chrome for additional durability and long-lasting brilliance. Chrome plating provides key performance features producing additional luster and protection against external damages and over-time wearing of the material. The top of the cap is embellished with an image of a crown and the Duragraph Royal label is beautifully arranged in a circle mark. Polished chrome plating adorns the clip, band, and trim of each pen accenting the best features, elements, and shape of each writing instrument. The Duragraph Royal is available in fountain pens and ballpoint pens.</p>
